1052	CAPPS	Talent Management	Y	Interfaces, Recruiting	Low	Candidates with No Email Address on Candidate File	We need to update the way candidates with no email address on the CAPPS HR/Payroll side are handled in the Candidate file to CAPPS Recruiting. Currently an email address is defaulting incorrectly, and the candidate is failing due to the email address being stored in the database previously. The candidates with no email addresses need to fail due to no email address (since email address is required). The candidates can be picked up as a net change once an email address is indicated on the CAPPS HR/Payroll side.	*In Work
