

Business Objects 4.1 Upgrade

CAPPS HR/Payroll User Group Meeting

October 25, 2017

Business Objects 4.1 Security

- Business Objects is integrated into CAPPS Security.
- CAPPS security roles (assigned based on your current Business Objects access) drives your universe and adhoc/run-only access.
 - HR, Payroll, Commitment Accounting and Time & Labor are in one universe.
 - Separate Time & Labor-only universe is also available.
- Agency and Department-level security is inferred from the user's CAPPS security.

Business Objects 4.1 Upgrade Testing

- Agency Testing: October 16 - November 23, 2017
Link: <https://biqa.cpa.texas.gov/BOE/BI>
Use your CAPPs UAT User ID and Password
Select: PeopleSoft Enterprise authentication
- New look and feel. HTML client replaces JAVA.
- The link to Business Objects 4.1 Online training is available on the CAPPs FMX page.
- Public reports were converted. The Business Objects team will assist with converting private reports.
- HCMUAT1 is the data source for both 3.1 and 4.1 test.
- If you need assistance, please enter an ASP Solution Center Support Request and select *Business Objects* as the Product, *Acceptance Test* as the Environment and include 4.1 in the Short Description.

Business Objects 4.1 Deployment

- Go-Live with 3.1 and 4.1: December 1, 2017
- Decommission 3.1: TBD (after at least three months)
- CAPPS Financials, FMQuery and SIRS Reports timelines are several months behind HR/Payroll.
